The miners' and operators' convention which was in session at Beaver Dam last week, ended with the participants arriving at a satisfactory agreement. What the result will be, nobody can now foresee, but it is feared the matter will bring up a strike. The year's work has just ended and the miners are without a contract for the coming year. Many of them are now idle, awaiting what may turn up. The miners want eighty cents for a picked ton, while the operators only offered seventy-five. The miners also wanted 20 per cent. raise on all other labor, the operators only offering 12 1/2 per cent. From the determined attitude of both parties, there will be no agreement for some time. This order effects 2,000 miners in Ohio and adjoining counties. There was no discord between the miners and operators, they having adjourned subject to the call of the officials of their respective organizations.

BUFORD, KY.

April 2.—Mr. Reef Cundiff's 34th birthday was celebrated last week by a barn-raising in which a goodly number participated. His wife, who knows how to provide for the inner man, had a splendid dinner and supper prepared and it was a pleasure to see how the hungry enjoyed the same. May Mr. Cundiff see many more birthdays in the wish of all, and expressly of one who was present at this very pleasant affair.

Mr. W. Holbrook has been building a substantial addition to his store, as the present one was too small for his fast increasing business. Mr. Holbrook is enjoying a very good business, and well does he deserve it, as he is a very accommodating and honest business man. Success to him.

The farmers around here are now very busy plowing and getting ready to raise a larger crop than ever known before.

This change is made to suit the local conveniences at place of meeting. It is very important that each county in the district be represented by a large delegation. Everyone on the programme has consented to be present, and this insures a good meeting. Session begins Friday morning at 10 o'clock and closes Saturday evening at 3 o'clock. An excellent program has been arranged, and it is hoped that every teacher who can possibly do so, will be present.

Everybody's Store

IS WIDE OPEN TO YOU.

With the dawn of the new season, shedding forth its brilliant rays of peace and prosperity upon our country, we welcome its animating influences and enter upon the duties of the new epoch with renewed vigor and strength to perpetuate our inherited success of the past by the same methods of fidelity and allegiance to our constituents which have earned for us the much cherished and prized standing in the field of general merchandising. We propose adhering strictly and faithfully to the policy of legitimate methods. We propose to supply our multitude of patrons with merchandise of intrinsic merit and material—trimming, fit and style—and of distinctively one hundred cents on the dollar value.

Our standard-bearer, "The Best on Earth," will continue to float on high, stimulated by the breezes of integrity and fostered by the loyalty of its liberal supporters. With profound thanks to our patrons for their past loyal support, we solicit a continuance, and with hopes of having an opportunity to benefit others as we have you.

We enumerate some of the many attractions found in our big store.
